1. I am coming upon you in grace and glory the world has never seen and they won't know what to do with it, they won't know how to respond. They won't know where it comes from because they haven't seen this glory and power and I how I honor a man who has come unto Me and said "No" to all others and everything else, and given Me himself and every one else; and died for, yea the world that I have called him to.
2. I love you and I give you Me as you now come into Me in greater measure and greater depth and yea broad and wide and unending and everlasting is My love for you and, yea that which you now do inside of Me, in Me, for Me, not apart from Me but with Me, in Me. And yea, **our Father is one and we are one and you deflect-not, but reflect Me and all that I am, and yea greater than, and I am so pleased in.** Thank you.
3. **I give you My power, grace, and glory, authority, yea manifold. Watch Me.** Watch Me as you come into Me in meekness and power in the authority known not to the world/ways of man. You come into Me for you have given Me all and said "I will pay, I will go, I am going where no one has gone," and yea in arrogance not, but meekness; the meekness that dies for others, that dies before others and dies to all other values and lets Me come forth, brings Me forth.
4. **I am I Am and you now know you are I Am and My body, yea, is Me.** You are My head and I surrender not My heart to another, yea the one-ship that now comes forth defies the world and all explanation of man's mind, intellect, and sovereignty-thought. I give you Me and there is no holiness without Me, there is no righteousness without Me, there is no Me without Me.
5. See what I have given and said in these short minutes/moments of yea My word flowing to **a man of My own heart, yea that you now share, with many eating your flesh and drinking your blood, for Passover never stops, never ends, as you begin at the beginning not, *but yea now in the new assignment*,** yea the new beginning, the newness of that which I am every day and now you come to, into and yea eat of Me, drink of Me and yea disburse/dispense Me, yea in love, meekness, power, grace and glory, authority of the Father, yea being Me, the Father.
6. Are we all 1 or one, or One? Yes, we are one. Thank you.
7. I joy now in your laughter that now comes as yea, I raise the light and you see My rays that penetrate every core and now every core is penetrable and no core is impenetrable by yea Me/My core, that you now have/are. I love you.
8. Given, see what I have given, see Me. Thank you, for seeing all, beholding all, knowing all, and loving Me to My core. I give you, Ted, that which you have asked for; I give you Me. **Heal them, love them, kiss them, and raise them so tenderly**, yea en

masse, individually, in tiny two's and three's, in groups that behold My name that others disdain and dishonor but, yea are Me and; **now you bring all into one stream not; river, river of one, river of Me/My life, Father's; Father's heart known and flowing now to every race, creed, crystal clear breath/truth of Father**, known by a man who died. **My life is yours and I thank you. I thank you for living/breathing/being Me and taking/living My life in so many. I give you everything. There is nothing else. You have all.** Thank you. **I bless you, I bless you, I bless you with My kiss, My kisses, My hug, My embrace immortal. Thank you for loving Me.**

9. This new year never ends for you, My friend. You wanted to be My friend. You asked Me and asked Me. You sought My friendship. You sought to know Me in the fellowship of My sufferings, knowing that if you didn't, you didn't really know Me, not truly, not deeply; and Ted, you have, you do, and I grace you now with beholdenment of only Me. You are Beholden of I Am and you now, this message, all over the/My world, **and worlds beyond worlds that/where you think are worlds, I now take you into/show you** and **you are Me and never not-Me again.** And I thank you and I declare and I decree My name your forehead. I love you and I thank you, Ted, My Beholden, My chosen one who chose Me and **I reflected what you chose. I give you My hand, My name, and there is nothing else.** Good day, good night, and enjoy the beginning of the newness of the flow of My breath and life in and upon you and through you and **in words that now increase in intensity and clarity**, yea **for many of nations other than yours most known.** I love you and I thank you for **being**/sharing **My life, My body, My blood**, **with all of My body and all of My blood.** Good evening.

10. Come unto Me more and let us embrace, yea multiple times this night in the **intimacy that you show now the world, please; please, please.** Amen.

Me
